

Distance Healing with Molly Sante, NHD, PhD.

Thank you for purchasing a distance healing with Molly Sante. Molly considers this a tremendous honour and is appreciative of your faith and trust. Please fill out the intake form below (in blue type) and email it back to me with your picture.

Molly will tap into your energy. The Angels and she will co-perform the Unlayering (details about Unlayering below in green type). You will be emailed a report after the session takes place which will include a summary of what took place as well as prescriptions and recommendations. A sample report is below.

The more you commit to what Molly and the Angels suggest, the greater the results tend to be. Molly does not communicate with patients by telephone; just email.

After the initial consultation takes place, you are considered a returning client and are welcome to purchase healings and boosts. Patients who pre-book monthly sessions are considered VIP clients, and given priority scheduling privileges.

ABOUT UNLAYERING

This healing system is known as Unlayering (developed by Molly Sante, NHD). Once the primary symptom or condition is determined, other weak areas, known as layers, reveal themselves for healing. For example, someone's primary symptom may be insomnia, but sub-layers that contribute to insomnia may be caffeine sensitivity, anxiety and weak heart.

All the sub-layers that are revealed must be cleared to 90% as well, and not just the primary condition. The more developed the disease, the more sub-layers there are. Each Unlayering distance session deals with the "priority" layers and sub-layers. For full-body issues like cancer or arthritis, or deep emotional traumas like rape or abandonment, there can be hundreds of sub-layers.

When a person is presenting with a disease or symptom, he/she is said to be "compatible with" or a "vibrational match to" that condition. At the time that you were seeking this distance healing, you were a vibrational match to your ailment. The intention of Unlayering is to make you incompatible with the disease or symptom.

Unlayering does not promise to "cure", but is meant to redirect the energy of your body-mind-spirit in order to assist it in returning back to its natural place of well-being.

SAMPLE REPORT:

UNLAYERING – the following layers were revealed and balanced. The number in brackets represents the starting calibration. Numbers above 90% are considered optimal:

- a) Brain (80%) - great! – clear to 95%

- b) Birth trauma + feet (70%) – clear to 95% --- something about the journey through the canal and his feet got pressed/impinged or something like that

- c) Calcium absorption (31%) – clear to 96%
- d) Nerves of full body (71%) – clear to 95%
- e) Third eye chakra (50%) – this can cause spatial imbalance and speech delay – clear to 95%
- f) Fat + digestion (30%) --- his brain needs more fat --- clear to 96%
- g) Fat + brain (0%) – clear to 95%
- h) Musculoskeletal system (50%) – clear to 96%
- i) throat chakra + communication + mouth (50%) - clear to 91%
- j) feeling safe to speak + remaining blockages with verbal expression (9%)
- clear to 93%

COMMENTS

Great session! Increasing his absorption of healthy fats is really going to help. Vitamins A, D, E, and K are fat soluble. If he's not absorbing fats, then the assimilation of those vitamins is imbalanced.

Here's a combo I have used for other kids with delayed speech and it is very effective.

- a) Silicea tissue salt 6x
- b) Calcarea Phos tissue salt 6x
- c) Baryta Carb homeopathic 6C

These pellets all dissolve. Dissolve 2 pellets of each remedy in mouth, twice a day, between meals, for 1 month. Make sure you don't touch the

pellets; pour them into the cap and tip the pellets into Billy's mouth. Then stop and wait for three months (though improvement can/will happen before then). This combination is very powerful. I suggest a follow-up in three months.

Thank you for your faith and trust,

MOLLY SANTE
